

February 2023

LOOKING BEHIND TO LOOK AHEAD....

January was a month of transition, growth and new direction.

Having brought on Prevision Golf Ventures to the PGC team moving forward, we are eager to integrate a number of improvements and changes for 2023. Thank you to all who completed the Member Survey. The information and perspective received is vital to continue to build a plan for the coming months in the efforts to improve the experience for members, guests and public alike.

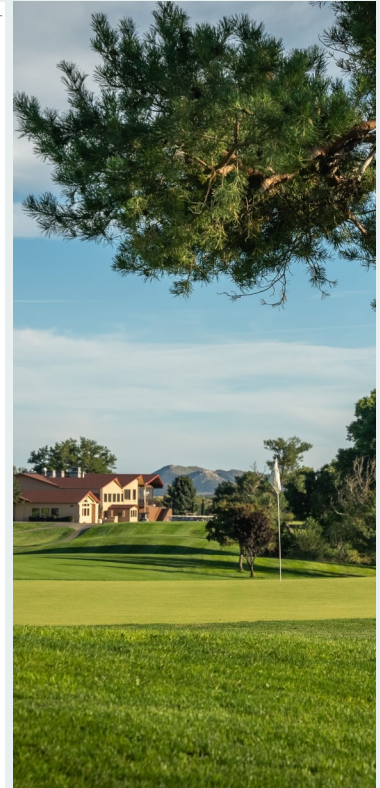

Although we have experienced some very inclement weather during the month of January that has limited play on a number of days, we have continued to have some exceptional turn out and support for Men's League, Women's League and Razz, as well as some great days in Redwood Grill for Karaoke, Fish Fry Friday's and Prime Rib Specials on Saturday.

A number of changes at the club will be implemented in the coming months, with lots to look forward to in February. To mention a few items:

- Members now receive 20% off on non-sale Soft Goods in the Golf Shop
- Members will have the 10% off on non-sale Food and Drink items in Redwoods Grill and Chip Shots reinstated during the month.
- We will be expanding the golf booking windows for Members starting during the month of February.
- Trouble areas on the golf course have been roped off to help the grounds crew with repair and growth... See 'Focus On the Golf Course' on pg. 3 for details.
- Look for great sales on merchandise in the Golf Shop during the month of February. There are some great pieces of men's and women's golf shirts and outerwear perfect for your next round...

Please look out for more communication through email as we roll out new concepts. If you happen to not have received the two previous Member Letters in January, make sure to stop by the Golf Shop and update your email.

We look forward to a great month in February both on the golf course and at Redwoods, and look forward to continued growth, member participation and integration and overall patronage at the club

WALKING & DOG WALKING ACCESS ON THE COURSE

In the past, PGC ownership has generously allowed walking access to community residents ONLY after operational hours of the golf course.

It appears that the rules implemented, as seen on the sign to the left, have been abused as of late, with a number of individuals seen walking and/or walking their dogs while golfers are playing.

In a number of instances, walkers have been seen on the course during operational hours have impeded play, and in some

instances not cleaned up after their dogs etc.

PGC will continue to allow community residents to walk BEFORE or AFTER operational hours ONLY, and only when there are no golfers on the course.

We would assume that this is a small group of people that happen to not be following the guidelines, and hope that we are able to continue to allow access after hours for walking...

HOWEVER if non golfers continue to not follow the rules posted in the future, and continue to impact operations, access will be removed.

*PGC Members now receive 20% off Soft Goods in the Golf Shop**

**20% off Soft Goods on non-sale items only*

FOCUS ON THE GOLF COURSE

We will be creating an overall plan for the club in the next few weeks as we move into February, but we need your cooperation as Members and public to implement a number of items;

As you may have seen, there are a number of areas being roped off on the golf course. We are designating these areas as 'Ground Under Repair' or 'No Play Zones'. In a significant effort to repair areas on the golf course over the next couple months; we need all play and carts to be off of these areas. No cart is to be driven within the areas that are roped off, and golf balls are not to be played within the roped off areas. Please take nearest point of relief without penalty.

In addition, please keep golf carts in front of any areas that have directional cart signs, especially away from greens and beside tee boxes. The only way that we are able to improve conditions in these areas are by eliminating cart traffic as well as the significant efforts of the grounds crew.

If by chance you have a medical issue limiting mobility, please contact our Director of Golf, Greg Adams, in the Golf Shop with sufficient documentation, and accommodations will be made to designate a notification for your cart.

Our team will be monitoring the golf course for the unlikely event that any players do not abide by these parameters. We are sure that all play, both members and public alike, will be accommodating to the efforts made to improve the course. In the unlikely circumstance that the above parameters are ignored; in which a cart is seen by staff inside these roped off areas, on tee boxes or adjacent to greens inside the cart directional signs or within the roped off areas:

- There will be only one warning which will be documented on the first occurrence.
- If a second occurrence is witnessed by staff, there will be a disciplinary action of suspension of play for 1 week that will be administered whether public or member. We look forward to being able to improve the course conditions and overall member experience at the club in the coming months.

Thank you all in advance for your cooperation and patronage at Prescott Golf Club.

GREEN RECOVERY...

As you may have seen, there had been some damage to the back of the 16th and 18th greens during the fall of 2022.

Nick and his team are implementing ground under repair in these areas, and as the ground temperatures hopefully get warmer this month, we will be able to see more growth and will be able to address these areas more aggressively.

In the meantime, please play these areas as ground under repair and limit walking on these areas.

NEW FORWARD TEES...

As of this last weekend, you would have seen the ladies tees placed on the right side of the 15th fairway.

Considering the length of the hole, we will be using this position as a tee periodically. The hole distance will be noted in the golf shop, but in general the 15th hole will play between 100 and 115 yds from the fairway tee.

We would encourage you all to please stay on the path on the par 3s, including Hole 15.

In the coming weeks, we will be looking at more opportunities to provide different areas of play for the red tees.

BUNKER UPDATE

The PGC Superintendent, Nick Colquitt, and his staff have been working diligently to update the bunker on Hole #16.

Although there have been a few delays with weather over the month of January, mother nature will hopefully cooperate so bunker drainage can be finished and sand added.

Please make sure to play this area as Ground Under Repair, as marked, until we are able to reopen the bunker area.

Other key bunkers on the course are being identified to develop a plan to improve bunker conditions.

ONCOURSE WASHROOMS

A plan has been put into place to upgrade the men's and women's oncourse washrooms both on the front and back nines in the coming weeks

FITNESS CENTER

A few equipment pieces in the fitness have been discovered that are in need of improvement: a plan has been put into place to upgrade treadmills in the near coming weeks.
